Anzac

Rick Steele

Anzac Rick Steele
When the sun goes down and the darkness brings the closing of the day
Light your light of remembrance so that others will surely know the way
We will remember you, we will remember you
We will remember you, we will remember you
And in the morning (morning) we wonâ€™t forget

Bring the nation together forever to celebrate as one
The flesh and blood of Australia, your heroes, your daughters and your sons
We will remember you, we will remember you
We will remember you, we will remember you
And in the morning (morning) we wonâ€™t forget

Instrumental over verse

We will remember you, we will remember you
We will remember you, we will remember you
Aah, Aah, Aah, Aah
And in the morning (morning) we wonâ€™t forget
We will remember you, we will remember you
We will remember you, we wonâ€™t forget
We will remember you, we wonâ€™t forget
