

In Flames

Acoustic Medley

Behold the heart of mine in flames
A top the highest mountain, below the darkest depths
 In the valley of hate I wander
My frost bitten heart is set ablaze, set ablaze
 Ravage my soul
 Plunder my mind
 Branded by thunder, fire and ice
Trampled in fury by hordes of the light
 I am crushed by the hand of my sky
 My sky has forsaken me
 Rivers of crimson lead me now
 Trail of fire, in a place of fire eternal
 Left in flames
 Scattered in a world of thorns
 Torn from my earthly self
 Aggrieved in tears and bitterness
 I fall beyond stars, beyond stars
 Ravage my soul
 Plunder my mind
 Branded by thunder, fire and ice
Trampled in fury by hordes of the light
 My fiery heart is stronger than ever
 It's stronger than ever before
 My heart in flames
