

Two Worlds Away

[Nina Nesbitt](#)

(Verse)

See that shelter by the road
That's where I used to go
With my friends, who weren't my friends
But I didn't know(Verse)
Drinking til we went home
Until we got too cold
Cause in the morning we'd be working
In a shop with clothes(Pre-Chorus)
Always wanted to be someone else
Her on the cover, her on the shelf
Really, all I needed was myself(Chorus part 1)
But we've all cried over someone
Got drunk and lied to our mum
When we were two worlds away
Of who we are today(Chorus part 2)
It's alright feeling like you've got
Nothing left in you to prove
Cause you're always two worlds away
Of you'll be one day
Of you'll be one day(Verse)
See by that old brick wall
That's where I used to walk
On my way to meet that guy
Who I loved so(Verse)
And I'd had only been one month
But I swore he was the one
Til I found him on the backstreet
Kissing that friend I lost(Pre-Chorus)
Always wanted to be someone else
Her on the cover, her on the shelf
Really, all I needed was myself(Chorus part 1)
But we've all cried over someone
Got drunk and lied to our mum
When we were two worlds away
Of who we are today(Chorus part 2)
It's alright feeling like it you've got
Nothing left in you to prove
Cause you're always two worlds away

Of who you'll be one day
Of who you'll be one day(Bridge)
But friend ends in end
And love is almost lose
But friend ends in end
And love is almost lose(Chorus part 1)
But we've all cried over someone
Got drunk and lied to our mum
When we were two worlds away
Of who we are today(Chorus part 2)
It's alright feeling like you've got
Nothing left in you to prove
Cause you're always two worlds away(Verse)
People change and people grow
Love can heal a broken soul
But you are all you need and all you'll know
Indeed it's never a mistake
To be afraid of what you face
Cause you were always two worlds away
Of who you'll be one day
Of who you'll be one day
