

The Man Who Laughs

[Rob Zombie](#)

Leave that boy behind
Convict of our trades
Steal the small ones
Carved and homemade Transform children
Flesh and living slaves
Clowns and jesters are
The ones you can not save The man who laughs
The man who laughs Noble Jackals are
Banished from England
Pain of death proclaimed
King James' mighty hand Cold and hungry
Tell me what's your name
I'm not laughing 'cause
I am Gwynplaine The man who laughs
The man who laughs The man who laughs
The man who laughs
The man who laughs
The man who laughs
