

Deserted Cities of the Heart

Cream

On these streets where the time had died
The golden treat you never tried
In times of old, in days gone by
If I could catch your dancing eye It was on the way
On the road to dreams, yea
Now my heart's drowned in no love streams, yea The street is cold, its trees are gone
The story's told, the dark has won
Once we set sail to catch a star
We had to fail, it was too far It was on the way
On the road to dreams, yea
Now my heart's drowned in no love streams, yea I've felt the wind shout like a drum
You said, "My friend, love's end has come
It couldn't last, had to stop
You drained it all to the last drop" It was on the way
On the road to dreams, yea
Now my heart's drowned in no love streams
Now my heart's drowned in no love streams, yea On these dark streets, the sun is black
The winter life is coming back
On these dark streets, it's cold inside
There's no retreat from time that's died It was on the way
On the road to dreams
Now my heart's drowned in no love streams
Yea, yea, yea, yea, yea, yea, yea, yea
Now my heart's drowned in no love streams, yea Now my heart's drowned in no love
