Bitter Wine

It's A Beautiful Day

I'll drink bitter wine
I'll eat humble pie
I'll do all this for some peace
I'll do all this for peace of mindCan we trust each other?
I'm not your keeper
No farewell sisterTry to have savior fair
Pretend like I just don't care
You'll do all this just to get high
I'll do all this to just get byCan we trust each other?
I'm not your keeper
No farewell sisterCan we trust each other?
I'm not your keeper
No farewell sister
