

Love

The Cult

C'mon now
Wanna dig the scene?
Love, obviously, very soon, everybody
Love, obviously, very soon, everybody
Ohh, why don't you love that sweet time?
Ohh, why don't you love that sweet time?
I spent a long time in this road
I spent a long time in this town
I spent a long time in the road
I spent a long time in this town
Gonna drive away in a big fast car
Gonna drive away, won't get too far
Gonna drive away, don't know how far
Gonna drive away in a big fast car
Love, obviously, very soon, everybody
Love, obviously, very soon, everybody
Ohh, why don't you love that sweet time?
Ohh, why don't you love that sweet time?

C'mon now
Spent a long time in your hole
I spent a long time in the wrong hole
I spent a long time in this town
I spent a long time in my town
Gonna drive away in a big fast car
Gonna drive away, won't get too far
Gonna drive away, won't get too far
Gonna drive away, don't know how far
How far, oh yeah, in this town
In my town, in my town, that's just my fee
Love, love, love
I've been lookin' for the grand conditions in her heart
Love, love
Little bit of love, don't you require?
Little bit of love, don't you require?
Love, love, love
