

Hey Nancy Drew

Price

Lookin like you could do no wrong
Searchin high and searchin low
Always findin what youre lookin for
Take good care cause dangers there
Round each corner you must beware
Its lookin bad but I know youre gonna see it through
Dont give up your dreams hold on
Make each moment count, be strong
Hey Nancy drew you can do anything that you wanna do
Hey Nancy drew I wish everyone could be like you
Whoooooooooaaaaaaaa hold on
Whoooooooooaaaaaaaa stay strong
Getting closer to the truth
Digging deeper super sleuth
Trying to solve the mystery of my heart
Find your answers everywhere
Unexpected truth or dare
Now you solve the mystery of my heart
Dont give up your dreams hold on
Make each moment count stay strong
Hey Nancy drew you can do anything that you wanna do
Hey Nancy drew I wish everyone could be like you
Whoooooooooaaaaaaaa hold on
Whoooooooooaaaaaaaa stay strong
When theres a problem you can fix it
Solve any puzzle no matter how ecliptic
That you be my hero I need some assistance
Callin your name girl come and fix it
You are the one that I can depend on
Im in trouble youre there as a friend
No ones ever known nobody like you
Now I'm callin your name girl
Hey Nancy drew you can do anything that you wanna do
Hey Nancy drew I wish everyone could be like you
Whoooooooooaaaaaaaa hold on
Whoooooooooaaaaaaaa stay strong
Oooooooooooooo
Hey Nancy drew you can do anything that you wanna do
Hey Nancy drew I wish everyone could be like you

Whooooooooooooo hold on
Whooooooooooooo stay strong
