One More Last Hurrah

Del Amitri

One more last hurrah
One more fearless stand
At some nightclub barOne more last hurrah
Gonna kiss our friends
And then crash our cars
Crash our carsOne more last hurrah
Before we knuckle down and button up
And figure out that fading out's
The state that we've been looking for
The state that we've been looking forHold on, I wanna say
"My life looks okay"
OkayOne more last hurrah
Whatever else is waiting for us
One last waste of time is all we're asking for
All we're asking forOne more last hurrah
One more chance to forget
Who our enemies areHold on, I wanna say
"My life looks okay
My life looks okay"
OkayOne more just one more
Last hurrah
