

# Things

## Meat Puppets

Shadowed is the game  
Rodent be thy claim  
Any open door  
Leads to instant things Make me go away  
Take me to a place  
Do some things to me  
Make me go away  
Ancient things design  
Make me go away Over is the game  
Captured have you been  
Twisted was part two  
Ageless is the end Things we must not do  
Must not walk through walls  
Also also don't  
Do some things we did Is this thing an oak?  
What kind of a tree  
This here must be swept  
Must do instant things The smell of blue perfume  
Present in design  
I've a need to talk  
Let us speak of things Nothing do I know  
But loudly do I ring  
Also don't  
Do some things we did  
Make me go away
