

# 40 Boys In 40 Nights

## The Donnas

Spendin' every night in a different state  
Spendin' every night with a different date  
I come into town and have a look around  
And then I find a guy who wants to get down I got boys all over the road  
I got boys helpin' me unload Forty boys in forty nights  
I got no time to see the sights Sometimes I nibble and sometimes I bite  
I kinda sorta want to get skintight  
Have some now save some for later  
But there's no cute boys in Decater I got boys all over the road  
I got boys helpin' me unload Makin out all night in Hollywood  
You know I'd do 'em all if I could  
My honey in Stuttgart doesn't care  
That I collect their underwear  
I got boys all over the road  
I got boys helpin' me unload Forty boys in forty nights  
I got no time to see the sights Sometimes I nibble and sometimes I bite  
I kinda sorta want to get skintight  
Have some now save some for later  
But there's no cute boys in Decater I got boys all over the road  
I got boys helpin' me unload
