Hope Changes Everything

NewSong

Our lives were spinning in a hopeless situation
Livin' in a fallen world without hope for change
But Heaven heard our cries and that's why Jesus came
Now it's up to us to give His love awayLet's take the hope of Christ, lift it up and hold it high
Because hope changes everything
Let's take this faith we wear, to hurting people everywhere
Because hope changes everythingNo matter how dark or troubled
Someone's life may seem
I do believe with all my heart
That hope changes everythingEvery time I see someone who's feelin' helpless
Every time I hear another desperate plea
I'm reminded of the place where He found me
There's no one that's gone too far for Him to reachLet's take the hope of Christ, lift it up and hold it high
Because hope changes everything
Let's take this faith we wear, to hurting people everywhere
Because hope changes everythingNo matter how dark or troubled
Someone's life may seem
I do believe with all my heart
That hope changes everything, yeahGod has placed inside of us
An everlasting hope
And it's up to each of us to goLet's take the hope of Christ, lift it up and hold it high
Because hope changes everything, yeah
Let's take this faith we wear, to hurting people everywhere
Because hope changes everythingNo matter how dark or troubled
Someone's life may seem
I do believe with all my heart
Hope changes everything
Hope changes everything
Hope changes everythingBecause hope changes every little thing, yeah
Because hope changes everything, yeah
