

Growing Apart (To Get Closer)

Kendrick Lamar

[Intro: Jhene Aiko]

Where are we going, why are we slowing down

Where are you going, we should be growing now

Smoke to it nigga, smoke to it nigga

Where are we going, we should be slowing down

Where are you going, we should be growing now[Verse 1: Kendrick Lamar]

That's what she said to me

That place I used to call home is just a bed to me

We don't even sleep, neighbors can hear her weep

Meanwhile I'm in these streets with everybody, I'm trying to get it

And she know they got me, I watch her feelings watch me

As they staring with the saddest eyes of loneliness

Look each other in the face and barely blink

Tried to make it right but the pen ran out of ink

So if my letters don't reach you, I hope these lyrics in sync[Hook: Jhene Aiko]

Where are we going, why are we slowing down

Where are you going, we should be growing now[Verse 2: Kendrick Lamar]

That's what it said to me but the place I call ambition now dead to me

Gone and forgotten, I'm off track like Dale Earnhardt, my liver rotten

Alcoholic tripping, fucking bad bitches and they got bad intentions

Club night, guys and dolls, balling out but I'm about to drop the ball

I'm calling out for help, my engineer called

Told me come to the studio but I wanna tell him nah[Hook][Verse 3: Kendrick Lamar]

That's what he said to but that place we call Heaven is unfair to me

Only 144 can go, seven billion people on planet Earth today

Is there something that I don't know

I know to follow Him rather than follow people or follow vanity

'Cause that means I'm following evil, guess I'm following evil

I should follow cathedral, blessings I need but live like I don't need you[Hook][Verse 4: Kendrick Lamar]

So in conclusion, we all seem to stumble, planning our own demise

Forgetting the big picture and making it wallet size

So to what is important in my life, I apologize

I promise to stay faithful, focused and sanctified

We all get distracted

The question is would you bounce back or bounce backwards?

Would you not know how to act or take action? It's just a part of life

And if your vision's impaired, you probably lose it all tonight[Outro: Jhene Aiko]

Trying to visualize how to get it right but my vision's so blurry

Trying to slow it down, stay close to the ground but we're always in a hurry

And if I could make this world spin a little slower then I would
Then we could grow a little closer, I think we're getting closer
I think we're getting closer...
