Sleepwalking

Kittie

Watching me fall
Into the flames
Of a broken soul tonight
No stone overturned
This graveyard of mine
Allows me no peace
[CHORUS]Sleep as day dies
Sleepwalk with the dead
Wander aimlessly through the night
Love and regret
Course through my veins
As I slowly fade away
Please let me sleep

Just one last night
Before I must wake
And I walk with these ghosts
[CHORUS]And I walk with these ghosts
And I walk with these ghosts
And I walk with these ghosts...
[CHORUS]Sleep as night falls
Sleepwalk with the dead
Hope keeps me alive
Through this life
