Don't Forget To Write

Last Winter

Everyday your picture fades
The promises we made not forgotten
So turn away
We could leave this place
In these crowded streets of gray
You bring colorSo you say that you're leaving
But what are your reasons
I'm desperate and ashamed
So go find your answers
To get you home faster
I know you'll find your way
You'll find your wayI'm barely alive
Though miles may come between us
Your always and forever on my mind
When you go
Don't forget to write
You're the best that ever happened
I never would imagine
You would change my lifeTwelve days past
SInce I saw you last
Only memories to keep me
Hanging on
With all we had
You never asked
Just where I was
And how I was doing without you
