Swellfish

Linea 77

Please make me understand what should i do now
'Cause nothing change and your face is becoming so sad
And my pain hide itself into my chest you don't understand it's so difficult to go ahead
To go ahead Blinded by the explosion
Nothing change and the past rest in peace as a shit it's so sweet
Think your life diffrent from this and i suspect that you don't care at all right man
I don't give a fuck if the roof is falling down then
Ihope that it bury my present my past the things in which i trust
Please leave me alone cause my waterworld is so cold and my body is loosing its features
And little by little i'm going down until to touch bottom
