Mercy and Grace

Untangle me from my detest
Untangle my wreck
Slowly but surely were dining in
A table full of regretAlive inside
Never thought I'd get back here
Starting at the bottom
Life extinguish life
Life extinguish lifeWallowing in this sinking ship
The water taking on
You and I and a bottle to get by
Unravel our songUntangle me from my detest now
Untangle my death
Breath of the breathless onto my end
Choking the truth withinAlive inside
Never thought I'd get back here
Starting at the bottom
Life extinguish life
Life extinguish lifeWallowing in this sinking ship
The water taking on
You and I and a bottle to get by
Unravel our songAnd I never wanted to be quite like this
A slow steep hole that I'm in
And I never wanted to die like this
And I never wanted you to see
I never wanted you to seeWallowing in this sinking ship
The water taking on
You and I and a bottle to get by
Unravel our songLife extinguish life
(Unravel our song)
Life extinguish life
(Unravel our song)
