

Werewolf

V.S.B.

The Metamorphosis

I cross the meadows
To the woods below
A fog is rising
And the grass is cold
Hear the howling
When the moon is full
Evil dawning
Icy atmosphere

Im hungry
Im crying
Im so lonely
I am the Werewolf
I am the Werewolf

Evil dawning

I am a Demon
In sheeps clothing
Lord have mercy
On my innocent soul
I am the victim
The metamorphosis
And I witness
Icy naked fear

Im hungry
Im crying
Im so lonely
I am the Werewolf
I am the Werewolf

Im hungry
Im crying
Im so lonely
I am the Werewolf
I am the Werewolf

Im hungry
Im crying
Im so lonely
I am the Werewolf
I am the Werewolf

Im hungry
Im crying
Im so lonely
I am the Werewolf
I am the Werewolf
