One Night Stand

Jc Chasez

Say, sweet thang
(Uh-huh)
You know I couldn't help but notice
You looking all good over here
(Yeah)
I was wondering, do you wanna
It makes me weak, baby
Just to hear you speak, baby
Girl you got me all dizzy and light
Like I got my cap on too tight
Girl just for you I'd jump through hoops
All I wanna do is please ya girl
Take you for a trip all around the world, say
Ooh, I feel love, I feel love
A-that's right
Ooh, I feel love, I feel love
Atleast for tonight
Ooh, I feel love, I feel love
Don't you wanna spend the night with me, girl
Ooh, I feel love, I feel love
Oh, I just wanna be with you, yea-yea
(Baby)
I'm gonna take you on a ride
Make you wanna jump and kiss the sky
I'm gonna take you forty thousand high
Just cause you're my girl tonight
(Baby)
Just relax baby don't be shy
'Cause it's a feeling that you can't deny
I'm gonna keep you steady satisfied
Just cause you're my girl tonight
So I'm thinking, it's kinda crowded
You wanna get out of here?
Psh, yea, 'cause you're so smooth
Yeah, I know
We'll be doing this baby, uh
And you'll be lovin' this baby
Oh, crusin' along till we hit the backseat
'Cause that's where the music sounds so sweet

Weehaw
I love it when we're crusin' together
Just me and you, girl
Ooh, I feel love, I feel love
A-that's right
Ooh, I feel love, I feel love
Atleast for tonight
Ooh, I feel love, I feel love
Don't you wanna spend the night with me, girl
Ooh I feel love, I feel love
Oh, I just wanna be with you, yea-yea
(Baby)
I'm gonna take you on a ride
Make you wanna jump and kiss the sky
I'm gonna take you forty thousand high
Just cause you're my girl tonight
(Baby)
Just relax, baby don't be shy
'Cause it's a feeling that you can't deny
I'm gonna keep you steady satisfied
Just cause you're my girl tonight
Now you know it's just for tonight right
What?
Aw come on baby, it's cool
Uh, uh, uh, uh, oh, uh, uh
That's right-ight
(Baby)
I'm gonna take you on a ride
(My ride)
Make you wanna jump and kiss the sky
(If you wanna get inside)
I'm gonna take you forty thousand high
Just cause you're my girl tonight
(Baby)
Just relax baby, don't be shy
(Don't be shy)
'Cause it's a feeling that you can't deny
(Baby, I'll be your guide)
I'm gonna keep you steady satisfied
Just cause you're my girl tonight
(Baby)
I'm gonna take you on a ride
(My ride, my ride)
Make you wanna jump and kiss the sky
I'm gonna take you forty thousand high

(Forty thousand high)
Just 'cause you're my girl tonight
(Oh ho oh)
(Baby)
Just relax baby don't be shy
(Oh ho oh)
'Cause it's a feeling that you can't deny
(You can't deny)
I'm gonna keep you steady satisfied
Just 'cause you're my girl tonight, baby
