

# Taken For Granted (Facing Changes Version)

## Hangnail

Slowing down, my actions become known to me  
No way no how, could I have been so blind to see, what I've become  
Take away, I never was meaning to do  
And pleasing You, was all I ever wanted to  
So break me down, that I might understand I know You're looking down on me  
And it must hurt to see all that You see, Your love remains the same  
Taken for granted, everything that You have given never again  
I won't remain the same One more chance, though given not always received  
And growing numb, to guilt is often done with ease  
My conscience says, what's left fades away I know You're looking down on me  
And it must hurt to see all that You see, Your love remains the same  
Taken for granted, everything that You have given never again  
I won't remain the same
