What Makes Us Human

Lamb

Throw me a line so I
Can feel the way
More than a sense of time
Could save the day
One soul to another
Is a chance
Of fighting the rule of circumstanceAnd out in the blue
The planets turn and swim
If they only knew
What makes us human
Man and a woman
Weave a spell
One half made in heaven
One in hell
Two sides of a coin
That ever spin
Divided without
Conjoined within
And out in the blue
The planets turn and swim
If they only knew
What makes us human
