## Neoton Familia

Dream, dreamDamaged, do you see through the scream?

    Damaged but I know I will survive

    Damaged but I guess I'll move onDream, dream

Live this life before your soul's a small grain in the skyJust keeping it, keeping it on

    Just keeping it, keeping it on

    Just keeping it, keeping it on

    Just keep it, keep it, keep it on, just keeping it, keep itDream, dream

Live this life before your soul's a small grain in the skyDamaged, do you see through the scream?

    Damaged but I know I will survive

Damaged but I guess I'll move onToo many people, too many dreams now, too many dreams now

    I'm gonna come out now, I'm gonna come back nowDream, dream

    Live your life before your soul's a small grain in the sky

        Dream, dream

    Live your life before your soul's a small grain in the sky
