All Good Things

Count The Stars

This air is contagious, no one can save us,
nothing this good could ever last,
tonight is a drug, that I won't give up,
this is my favorite addiction
the summer comes to a close,
and no one knows what we know,
no one knowsI can't explain, what made me stay,
I fall into the same mistakes,
like all good things, they never last, the past is pastI'd rather be drowning, than swimming away,
that's something that will never change,
I swallow regret, and I hope for the best,
if this is all that i can doThe summer comes to a close,
and no one knows what we know,
no one knowsI can't explain, what made me stay,
I fall into the same mistakes,
like all good things, they never last, the past is pastThis is why I never try, to make it seem we shouldn't leave,
this is why I never try
I never tryThis air is contagious, no one can save us, but I waitI must confess, I'm not impressed,
there's nothing worse than losing you,
I must confess, I'm not the same like all good things
All good things
All good things
All good thingsI must confess, I'm not impressed,
there's nothing worse than losing youI must confess, I'm not the same,
there's nothing worse than losing you
than losing you
I'm losing you
I'm losing you
