

# Uncomfortable

## Goldfinger

Uncomfortable

I wish I was comfortable  
'Cause I could show you lovable  
I'd sit another hour with you

Sympathy

I need a little sympathy  
You asked me what I wanna be  
I want a little time with you  
If I could just see you again  
I'd show you who I am  
If I could be with you again  
I'd show you what, I'd show you what

Uncomfortable

I wish I was comfortable  
'Cause I could show you lovable  
I'd sit another hour with you

Apathy

I wish that wasn't half of me  
I hope it's not the end of me  
Not wishing never made it come true  
If I could just see you again  
I'd show you who I am  
If I could be with you again  
I'd show you what, I'd show you what

Uncomfortable

I wish I was comfortable  
'Cause I could show you lovable  
I'd sit another hour with you  
I'd sit another hour with you  
I'd sit another hour with you  
I'd sit another hour with
