

# The Lash of the Whip

## Young Rebel Set

Everytime I close my eyes  
I'm scrambling to touch the sides  
Escaping never ever crossed my mindIt's not what I would like to hide  
but I've left all my hope behind  
and against these walls I cannot help collideIf I should fall, fall down  
You'll be there when and wherever I hit the groundIf I should fall, fall down  
You'll be there making sure that I don't make a soundAnd everytime I beat you down  
I know that you'll come back somehow  
that helplessness you cannot live withoutIt's just not head and heart that's used  
It's every single sense abusing  
one and all attempting not to  
lose  
If I should fall, fall down  
You'll be there when and wherever I hit the groundIf I should fall, fall down  
You'll be there making sure that I don't  
making sure that I don't make a soundAs I fight tooth and nail  
against my fears I will prevail  
but I've got this whip of hate lashing my back  
up against me as I stand  
I am digging with one hand  
but all I'm feeling is the whip hitting my backAs I fight tooth and nail  
against my fears I will prevail  
but I've got this whip of hate lashing my back  
up against me as I stand  
I am digging with one hand  
but all I'm feeling is the whip  
As I fight tooth and nail  
against my fears I will prevail  
but I've got this whip of hate lashing my back  
up against me as I stand  
I am digging with one hand  
but all I'm feeling is the whip hitting my back
