

Trunk of a Dead Tree

Hollow & Akimbo

All that aside, they were right about you. Right about you all along.

Not that it matters at all, but I don't think I love you.

I wouldn't know if I did though, not anymore, and not ever before,
just like forever before. All those sirens break the silence, all those gawkers stare.

I'd be fine just living life in the trunk of a dead tree, trunk of a dead tree. The more that I think about this, the
more that I think about this,

and nothing much else seems to come from thinking about this for such a long, long time.

It's been a pretty long time. All those sirens break the silence, all those gawkers stare.

I'd be fine just living life in the trunk of a dead tree, trunk of a dead tree.
