The Urge To Merge

Natalie Cole

Written by Pam Reswick, Steve Werfel
Though I think I really know you
And you think you know me
And we're as close at two people
Could ever hope to be
Still I can't escape the feeling
That no matter what I do
I'll never understand what it feels like to be you
I get the urge to know you better
To make our spirits one
I want to see us be together
As close as we can come
I get the urge to merge
I get the urge to merge with you
I get the urge to merge
I get the urge to merge with you
Have you ever wanted something

You just had to possess
And it turned into obsession
And wouldn't let you rest
There are times I can't help wishing
I could melt right into you
Hear every word you're thinking
Feel everything you do
I feel trapped inside my body
And there's nothing I can do
Want to leap across the wall
That's keeping me from you
To break what can't be broken
To say what can't be spoken
If only for a moment
To touch your soul
I get the urge to know you better
