

Wotan

Enslaved

Naked, waste landscape
Vast plains lead to the seashore in the
West
A Northern wind sweeps over dead bodies
A stranger has entered the domains of the
Vikings
Die not lying sick, dastardly coward!
Draw sword, fight with the War God;
WOTAN!
We shall fight until we see Bifrost
We shall fight until Heimdal blows the
Gjallarhorn
We shall fight for our Domains
We shall fight with the War God;
WOTAN!
Die not lying stick, dastardly coward!
Draw sword, fight with the War God;
WOTAN!
