

Dixie Road (Re-Recorded)

Lee Greenwood

I would pick and we would sing to the rhythm of that front porch swing
The moonlight holds the spotlight that we shared
I found new notes on that old guitar, she believed I could be a star
She told me that she wanted to be fair She said, "I love you more than to hold you down, boy you're glory bound
We can't share a world with different dreams"
So I chased mine and she found hers too
But someone else made hers come true
Now I'm a star but every time I sing My heart goes driftin' down a dusty Dixie road
Takin' my mind, back in time
L.A. lights burn like hell once you know
You left Heaven waitin' down the Dixie road Every night I'm in a different place and I'm searchin' every
stranger's face
Tryin' to find the girl that's just not there
She's back there in Montgomery and I'm clear across the country
But whenever I'm alone, I go back there My heart goes driftin' down a dusty Dixie road
Takin' my mind, back in time
L.A. lights burn like hell once you know
You left Heaven waitin' down the Dixie road My heart goes driftin' down a dusty Dixie road
Takin' my mind, back in time
L.A. lights burn like hell once you know
You left Heaven waitin' down the Dixie road My heart goes driftin' down a dusty Dixie road
Takin' my mind, back in time
L.A. lights burn like hell once you know
You left Heaven waitin' down the Dixie road My heart goes driftin' down a dusty Dixie road
Takin' my mind, back in time
L.A. lights burn like hell once you know
