

# Defenders of Metal (Remastered)

## Wizard

Defenders of Metal!  
We've heard the sound of Heimdall's horn  
It is calling us to battle  
The Iron War will come  
Einheriers by our side  
Valkyries in the sky  
The Legion of Doom will rise  
Brothers, hordes of metal  
Prepare for war  
Fight with us for metal  
In the iron war  
Refrain: Defenders of metal - fight and kill  
Defenders of metal - kill with steel  
Defenders of metal - fight and kill  
Defenders of metal - kill with steel  
Thunder in the sky  
Odin's ravens fly  
It is a nice day to die  
With the power of our weapons  
And the help of our gods  
We will be victorious  
Deceivers lay in their blood  
Liars hang on the trees  
We let the posers die;  
We let the posers die  
RefrainRefrainRefrain  
Defenders of Metal!
