Do Your Thing

Stefanie Heinzmann

Catch a shooting star,
Put it under your pillow.
Close your eyes and breathe,
Make a wish and let it float.
Girl, don't ya ever let a thing
steal your dream.You don't have to be something you're not,
It's your life, do your thing.
You're already perfect, honey, in every way,
It's your life, do your thing.Let the radio
deep inside you play.
Girl, you've got to go and turn the music up.
Drive the bad stuff away.
Don't you trip on any other voice,
Hear your own.You don't have to be something you're not,
It's your life, do your thing.
You're already perfect, honey, in every way,
It's your life, do your thing.Open your pretty eyes and see the beauty at hand.
You were created for something cool.
It's all a part of the plan.You don't have to be something you're not,
It's your life, do your thing.
You're already perfect, honey, in every way,
It's your life, do your thing.You don't have to be something you're not,
It's your life, do your thing.
You're already perfect, honey, in every way,
It's your life, do your thing.
