

Out of My Depth (Alt/Rock Mix w/Outro)

Everclear

Out of my depth
Lost in the air
Falling faster
Like a broken elevator Out of my depth
Lost in the dark
Waiting for that other shoe
To come down hard I cannot communicate
Like I wish I could
I do not deal with my problems
Like I know I should I am out of my depth
I am out of my league
Watching everything
Just slip away from me Something bad is going to happen
I can feel it deep inside
There are shadows all around me
Like a bad moon on the rise I am in over my head
I am in too deep here
Over my head
I guess I should keep my opinions to myself
I guess I am out of my depth Out of my depth
Right from the start
I feel like I was born
With an invisible heart
Out of my depth
Seems like everyday
I can't find the words
To make the good things come my way Yes, I feel like I am faking it
I feel like I am wrong
I feel like I'm a guest
Like I just do not belong I am out of my depth
Every single day
I just cannot find the words
To make my monsters go away Something bad is going to happen
I can feel it deep inside
There are shadows all around me
Like a bad moon on the rise I am in too deep here
Over my head
Yes, I am in too deep here
Over my head

I should seek some professional help
Because I'm out of my depth
Yes, I am out of my depth
And I am slowly going out of my mind Oh, go away
Make them go away
Someday I know
I will make them go away
Make them go away
Make them go away
Someday I know I will
Make my monsters go away I am in over my head
I should seek some professional help
I should keep my opinions to myself
I guess I'm out of my depth
I am out of my depth
I am out of my depth
I am out of my I am out of my depth
I am out of my depth
I am out of my depth
I am out of my depth I am out of my depth
I am out of my depth
I am out of my depth
Yes, I am slowly going out of my mind
