

# Honesty Files

## Urge Overkill

Do you care what the line is?  
Do you care if you won't?  
Lesson one is let's stop waiting for the sunlight  
It's not crazy to bow down  
In the full moon, in the full moon Do you care what the riot is?  
Do you care if falsified?  
Lesson one is let's stop waiting for the sunlight  
It's not crazy to bow down  
In the full moon, in the full moon Hey, hey, I'm dead on arrival  
Hey, hey, I'm distant  
Crawling right back  
Yes, I'm crawling right back 'Cause I'm honesty, don't break my heart  
Honesty won't break it  
Honesty won't break your heart  
Honest, it won't, it won't Hey, hey, I'm dead on arrival  
Hey, hey, I'm distant  
Crawling right back  
Yes, I'm crawling right back 'Cause I'm honesty, don't break my heart  
Honesty won't break it  
Honesty won't break you heart  
Honest, it won't, it won't, it won't  
It won't, it won't, it won't
