

# Silver Bullet

**DJ Dess**

Tonight, we'll fly away so high  
Our first full moon skyI'll breathe you in  
I won't let you down  
I won't hold you back  
I won't make a soundI know what scares you the most  
Being alone or just like them  
Being alive while feeling so, deadAt least you'll have my heart  
You know, you shine so brightI got a single silver bullet  
Shot right through my heart  
To prove I can survive  
Without youI got a single silver bullet  
Shot right through my heart  
To prove I can surviveCan you sleep at night  
If I hold you tight?  
I won't let you go  
This feels so rightPlease don't leave this timeAt least you'll have my heart  
You know, you shine so brightI got a single silver bullet  
Shot right through my heart  
To prove I can survive  
Without youI got a single silver bullet  
Shot right through my heart  
To prove I can surviveTonight, we'll fly away so high  
Tonight, we'll fly away  
You know the moon is full and  
I can't live without youTonight, we'll fly away  
Tonight, tonight  
Tonight, we'll fly away  
TonightI got a single silver bullet  
Shot right through my heart  
To prove I can survive  
Without youI got a single silver bullet  
Shot right through my heart  
To prove I can survive
