Nobody Falls Like a Fool

Earl Thomas Conley

The heart isn't blind it just sees what it wants to see
I hope yours is lookin' at mine the way that you're lookin' at me
Girl I've been around I've taken chances before
But this time I'm hopin' for more you're makin' it easyNobody falls like a fool, nobody loves like a believer
After so many dreams have fallen through it's time that one came true
Nobody falls like a fool, nobody loves like a believer
And I'm fallin' 'cause I believe in youI know you're afraid of the words that we have spoken
There's been so many promises made and so many broken
Oh but please don't hold back I've already opened the door
And this time I'm hopin' for more, you're makin' it easyNobody falls like a fool, nobody loves like a believer
After so many dreams have fallen through it's time that one came true
Nobody falls like a fool, nobody loves like a believer
And I'm fallin' 'cause I believe in youNobody falls like a fool, nobody loves like a believer
After so many dreams have fallen through it's time that one came true
Nobody falls like a fool, nobody loves like a believer
And I'm fallin' 'cause I believe in you
