You Better Think Twice

Poco

You better think twice
About leaving me behind
Make up your mind
About what you're gonna doYou know it ain't easy
When your love hurts night and day
Oh, how you please
When I hear you call my nameBreathlessly I await the moment to surround you
Do not fear the song that makes you sing
It will offer you wings to fly away
But do expect to land if you can't stayYou better think twice
About leaving me behind
Make up your mind
About what you're gonna doYou take my advice
Oh woman, you got to choose
Take a little time
You got nothing more to loseIn time, you know my melody will haunt you
Your words can make it rhyme so easily
It ain't no sin, when love is real
So come on and let me know just how you feelYou better think twice
About leaving me behind
Make up your mind
About what you're gonna doYou know it ain't easy
When your love hurts night and day
Oh, how you please
When I hear you call my nameBreathlessly I await the moment to surround you
Do not fear the song that makes you sing
It will offer you wings to fly away
But do expect to land if you can't stayYou better think twice
About leaving me behind
Make up your mind
About what you're gonna doYou take my advice
Oh, woman, you got to choose
Take a little time
You got nothing more to loseIn time, you know my melody will haunt you
Your words can make it rhyme so easily
It ain't no sin, when love is real
So come on and let me know just how you feel
