Kids Again

Example

We'll be whoever we wanna be
We'll laugh in the face of teachers
We'll see wherever we wanna see
Run away from home they'll never reach us
I wanna feel oh so young today
I don't wanna do whatever they tell me
I wanna feel oh so young today
So let's behave like kids again
Kids again, kids again
Let's behave like kids again
Kids again, kids again

Let's behave like kids againWe'll be whoever we wanna be

Behave like despicable creatures

We'll see wherever we wanna see

We don't need Nintendo's, or Adidas

I wanna feel oh so young today

I don't wanna do whatever they tell me

I wanna feel oh so young today

So let's behave like kids again

Kids again, kids again

let's behave like kids again

Bring your friends, let's pretend

let's behave like kids againLet's behave like kids againI'm happy with you, but I need the truth

And I miss my youth, it was oh so simple

I'm happy with you, but I need the truth

And I miss my youth, it was oh so simpleKids again, kids again

Let's behave like kids again

Kids again, kids again

Let's behave like kids againLet's behave like kids againI'm happy with you, but I need the truth

And I miss my youth, it was oh so simple

I'm happy with you, but I need the truth

Let's behave like kids again
