Johnny Freedom

Johnny Horton

JOHNNY FREEDOM
When our country was a baby and the Redcoats had their way
Is was he who had a party tossin tea in Boston Bay
It was he who braved the winter in the days of Valley Forge
Fightinside by side together with a fella name of George
Johnny Freedom, Johnny Freedom
You can meet him on each page of history
Hes the spirit of a bear cub
Our countrys pride and joy
Hats off to Johnny Freedom, Johnny Freedom
That's our boy
When our country started growin and the wagons headed West
When our country called for pioneers his name led all the rest
What a figure in his raw hide coat and hat made of raccoon
Wonder what there was about him made you think of Danl Boone
Johnny Freedom, Johnny Freedom
You can meet him on each page of history
He's the spirit of America
Our countrys pride and joy
Hats off to Johnny Freedom, Johnny Freedom
That's our boy
If we need a mess of thinkin he's the Lincoln of the day
If were fixin fer a tussle it's his muscle all the way
If we need a handsome fella so the ladies hearts can throb
There's a Yankee Doodle Dandy always handy for the job
Johnny Freedom, Johnny Freedom
You can meet him on each page of history
Hes the spirit of a bear cub
Our countrys pride and joy
Hats off to Johnny Freedom, Johnny Freedom
That's our, that's our, that's our boy
