# This Time

## Susanna Hoffs

Written by steve summers
Produced by david kahne
Released on "when you're a boy" (1991)This time I know my baby's gone for good
This time I didn't treat him like I should
This time there's no tomorrow
My heart is filled with sorrow
This time my baby's gone for good.This time I didn't play my cards too well
I lost my head and broke that magic spell
This time he's really leavin'
My heart just can't believe it
This time my baby's gone for good.This time my baby told me
This time there's no next time
This time my heart's run out of time.Next time I find the love I won't be cruel
I'll never break his heart or make him blue
Next time there'll be no cryin'
Till then, inside I'm dyin'
This time my baby's gone for good.This time my baby's gone for good
This time my baby's gone for good.
