

# Survivor

M.I.A.

My time in the fire  
Cause ain't gonna tell ya  
This war is never over  
I ride through the sea like a pirate  
Just to float in the water  
Can't carry feelings  
Like basket can't carry water  
Ain't gonna tell ya  
That I live strictly for the paper  
Men are good, men are bad  
And the war is never over Survivor, who said it was easy?  
Survivor, they can never stop we G.O.D  
Gold and oil and dollars  
Stars come and go  
Just like every empire  
I stay fly focus  
I'm staying higher  
Apparently lighter  
From you know you a survivor Survivor, survivor  
Who said it was easy? They can never stop we  
Survivor, survivor  
Who said it was easy? Watch yourself mad nova  
Heading over  
Watch yourself mad nova It starts when you ready  
It starts when you ready Survivor, survivor  
Who said it was easy? They can never stop we  
Survivor, survivor  
Who said it was easy?
