

Robot Man

The Red

Crave communication

See me, this is my life in the crazy robot man reservation

Do you feel him, the cold vibration?

'Cause a man everywhere produce a crazy science fiction creation
And I say, ooh ooh, I'm a robot man

And I say, ooh ooh, I'm a loser

I say, ooh ooh, I'm a robot man

I lost my mind, I lost my life, I lost my soul!
Babe, it's a magic station

Where we live what we do with our magic from my generation

I say, babe, it's not a vision

It's reality, this is a robot scene what we live in
And I say, ooh ooh, I'm a robot man

And I say, ooh ooh, I'm a loser

I say, ooh ooh, I'm a robot man

I lost my mind, I lost my life, I lost my soul!
And I say, ooh ooh, I'm a robot man

And I say, ooh ooh, I'm a loser

I say, ooh ooh, I'm a robot man

I say, ooh ooh, I'm a loser
I say, ooh ooh, I'm a robot man

And I say, ooh ooh, I'm a loser

I say, ooh ooh, I'm a robot man

I say
