

Let's Do This Right

Lyfe Jennings

This one's for my people locked up
Know we keep you in our prayers
And ain't forgot about you out here, no
Call me whenever you feel
'Cause I know a lot of folks don't keep it real
I know they got their own life but still
When you love someone, you let them know
You don't let them go, it's hard enough being alone
Missing your family, missing your home
Whether you're right or wrong, I'll be by your side
Keeping your hope alive, I know how it feels to cry
So you ain't alone in your struggle for life to my people
Hold up, let's do this right
First blaze one for all my fellas that ain't here with us tonight
Hold up, let's do this right
First blaze one for all my fellas that ain't here with us tonight
Some of them for life
Your kids doing just fine
The youngest reminds me of you all the time
He even shoots that ugly jumper from the foul line like you do
And your girl, she doin' okay
But don't concern yourself with if she will or won't wait
You'll just drive yourself crazy with stuff you can't change
There's better ways to occupy your time
Like opening up your mind, it's a troubling time out here
Your kids need your guidance even from in there
And no matter when or where, I won't abandon you
'Cause that ain't what friends do, still got a lot of love
And I pray to God through my actions, you'll know how much
Hold up, let's do this right
First blaze one for all my fellas that ain't here with us tonight
Hold up, let's do this right
First blaze one for all my fellas that ain't here with us tonight
Some of them for life
To all my people who ain't coming home at all
There's many children who could learn from your experience
Have a heart get involved
And for all my people who gonna see the streets one more time
You got another chance at life
Count your blessings every night
Hold up, let's do this right
First blaze one for all my fellas that ain't here with us tonight
Hold up, let's do this right
First blaze one for all my fellas that ain't here with us tonight
