

Girl Named Hello

of Montreal

Who's your reggae woman now, do you even know?

I did a line with a girl named Hello, yeah, I'm just kidding, yo

Who's your reggae woman now, do you even know?

I did a line with a girl named Hello, yeah, I'm just kidding, yo
Took an overdose, didn't do shit
If I treated someone else the way I treat myself

I'd be in jail

If I treated someone else like the way I treat myself

I'd be in jail, I'd been in jail, I, I, I, I'd been in jail
Anyways, boo, boo, the old breakthrough
I love you like being kissed

And thank you for the wonderful birthday
Who's your reggae woman now, do you even know?

I did a line with a girl named, girl named Hello, girl named Hello

Who's your reggae woman now, do you even know?

I did a line with a girl named, girl named Hello, girl named Hello
If I treated someone else the way I treat myself
I'd be in jail

If I treated someone else like the way I treat myself

I'd be in jail, I'd been in jail, I, I, I, I'd be in jail
