# Lazy Eye

## Fruit Bats

You are a diamond in the dirt
And you're the centipede who broke the camel's back
You didn't think I'd get hurt
Love burns a circle in the snowYou're frog eggs in the sky
That rain on the GWB
And the palisades
Love turns tripe into gold
Love burns a circle in the snowHey, you there with the lazy eye
Turn , turn it to me
Let me hear you say it one more time
You, you there with the lazy eye
