

Beautiful and Blue (2010 - Remaster)

Badfinger

La, la, la, la, la, la, la, la, la, la
She looks out of her window
At the people going by
They look so happy, makes her cry
She watches them laughing
Sees the lovers holding hands
And everyone each other's friends
Beautiful and blue
They're not as good as you
Beautiful and blue
They are lonely too
She feels so unhappy
She no longer cares for life
And is close to ending all her strives
The world doesn't know her
It's so hard and cold and cruel
She wonders why she's such a fool
Beautiful and blue
They're not as good as you
Beautiful and blue
They are lonely too
Beautiful and blue
They're not as good as you
Beautiful and blue
They are lonely too
La, la, la, la, la, la, la, la, la, la
Beautiful and blue
They're not as good as you
Beautiful and blue
They are lonely too
They are lonely too
La, la, la, la, la, la, la, la, la, la
