

# XO

## EDEN

1, 2, 3

Yeah, she's in love with the concept  
As if we're all just how she imagined

Cause "we're in love but just don't know it yet", huh

Well, tell me how am I supposed to see the magic?Cause I don't believe in it no more

But I won't tell her

Cause I always imagined

It's easier if she thinks she won

So Imma let her, and she said

"I don't think I love you no more

You never seem to call me lately."

Girl I don't think you know me at all

Cause I never thought I'd have to say this

No I don't love you, and I never did

Look at us burning down in flames for kicks but just know

I'm not singing for your XO

I'm just singing cause it's overCame and went like the summer time

Was that a sunset or a sunrise?

Looking back like where'd the time go

So much for trying to keep this moving slow

Cause I don't believe in her no more

But I rememberHow we talked shit like we knew what we wanted

And I still remember what she said
