

Border of Reality

Angel Dust

I'm trying to think
But I can't catch my thoughts
Confusion is reigning my mindThe void in your word
Should cause me to fear
The coldness is getting nearClear my eyes
Let me see
I'm going to lose my aim
Show me the senseThe prophecies are raining, down from the sky
But answers are not to be foundThe longing for something that we cannot find
Uncovers our fatal disguiseClear my eyes
Let me see
I'm going to lose my aim
Show me the senseLet me fall
Let me dream - of beauty and truth -
Let me feel
Let me see - the border of realityNow that we all have perceived our fate
Reality lies and the lie lives in me
Is it all over or will it go on
I'm sure we have nothing to fear
