Love Me Right

Johnna Padeken

Every now and then I get a little too upset
thats alright, ill forget
and every now and then I get a little too... sensitive
but thats okay, I forgive

and every... every step I take
leads me to believe that this might have been my mistake

Chorus:
so prove me wrong, love me right
to never assume I donÊ»t need you in my life
ill decide
donÊ»t prove me right, say ok
throw up your hands and just walk away
oh donÊ»t... go out this way

(2x) hey...

and every now and then I get a little too defensive
I ask myself, what donÊ»t you get
and every now and then I get a little too rejected
convince myself just call it quits
and every... every step I take
leads me to believe that this might have been my mistake

Chorus:
so prove me wrong, love me right
to never assume I donÊ»t need you in my life
ill decide
donÊ»t prove me right, say ok
throw up your hands and just walk away
oh donÊ»t... go out this way

so prove me wrong, love me right
to never assume I donÊ»t need you in my life
I deserve... a fight

donÊ»t prove me right, say ok
throw up your hands and just walk away

oh donÊ»t... go out this way

(7x) hey...
...oooh

and every now and then I get a little bit more confused
cause all I need and all I want is you
