

Not Going To Bed

Andrew W.k.

Are you ready to go to sleep?
No, party
Then show me what you're made of
Move them bodies all around
I'm not going to bed
You're going to bed
I'm not going to bed
I'm never going to sleep again
Who's going to bed?
You're going to bed
No, I'm not going to bed
I'm never going to go to bed again
When I think about the stuff I could do
In all the hours of the white full moon
(Everybody go crazy)
I get excited when the number is late
But I get angry when it ends so soon
(I want you to dance)
Tell me what you did
Tell me what you said
Tell me every thought you got up in your head
(I said)
I'll go to sleep when I'm old or I'm dead
I'm not going to bed
You're going to bed
I'm not going to bed
I'm never going to sleep again
Who's going to bed?
You're going to bed
No, I'm not, I won't, I won't
I won't ever go to bed again
Yeah, come on
Show me more sights
Ooh, yes, that's right
Ooh, yes, that's right
We're not going to bed
No, you're not
We're not going to bed
Sit up, sit up

We're not going to bed
Hold it down, stand down
We're not going to bed
Now move it all around

If I can use my freedom
To go against my will
(Do it faster)
Then I will use my freedom
And you can bet I will
(Really get it now)
Tell me what you did
Tell me what you said
Tell me every thought that you got up in your head
(I said)

I'll go to sleep when I'm old or I'm dead

I'm not going to bed
You're going to bed
I'm not going to bed
I'm never going to sleep again
Who's going to bed
You're going to bed
No, I'm not, I won't, I won't
I won't ever go to bed again
Yes, really move it now

Good God

Are you going to fall asleep at the table?

(I'm not)

Are you going to fall asleep watching cable?

(I'm not)

Are you going to let your body do a number on you

And give you shivers 'til you can't stand down

Or are you going to hit the pavement smoking every joint in town?

I'm not

I'm not going to bed
You're going to bed
I'm not going to bed
I'm never going to sleep again
Who's going to bed?
You're going to bed
No, I'm not, I won't, I won't
I won't ever go to bed again
I'm not going
I'm not going to bed
Going to bed

I'm not going to bed again
