

# Not Your Birthday

## Allstar Weekend

Every clock is ticking faster  
Taking trips around the sun  
Another year, another chapter  
5 and 4 and 3 and 2 and 1 Drop your calls, lose your keys  
Before the drinks are gone  
Get yourself out your seat  
Oh, oh Quit your bitchin', move your feet  
Until the break of dawn  
'Cause nobody gives a damn about  
The day that you were born Except for everyone who ruins your birthday  
You gotta party like it's not, party like it's not  
This song's for anyone who is having the worst day  
You gotta party like it's not, party like it's not Oh-o-oh  
Party like it's not, party like it's not  
Like it's not your birthday  
Party like it's not, party like it's not Oh-o-oh  
Party like it's not, party like it's not  
Like it's not your birthday  
Party like it's not, party like it's not  
Oh-o-oh Take a sip of the good life  
Chase it down until you fall  
300 and 65 nights  
Why just one if we can have them all? Drop your calls, lose your keys  
Before the drinks are gone  
Get yourself out your seat  
Oh, oh Clap your hands, move your feet  
Until the break of dawn  
'Cause nobody gives a damn about  
The day that you were born This song's for everyone who ruins your birthday  
You gotta party like it's not, party like it's not  
This song's for anyone who is having the worst day  
You gotta party like it's not, party like it's not Oh-o-oh  
Party like it's not, party like it's not  
Like it's not your birthday  
Party like it's not, party like it's not  
Oh-o-oh Party like it's not, party like it's not  
Like it's not your birthday  
Party like it's not. party like it's not  
Oh-o-oh Okay, let's loose control

I wanna see everybody on the floor  
Well, go and send your invitations  
Do it now 'cause time is wastin' Life is tough, so loosen up  
DJ, turn that weekend up  
Get down, get loud, everybody stand up  
Everybody go nuts, throw your hands up Okay, check it out, here's the plan  
We gonna dance 'til we cannot stand  
Move your feet to every beat  
Oh crap, bring it back, put it on repeat When the crowd goes wild then you know it's on  
If you wanna party then here's your song  
It's alright, it's okay  
It's not even my birthday Party like it's not, party like it's not  
Party like it's not, party like it's not  
Like it's not your birthday  
Party like it's not, party like it's not  
Oh-o-oh  
Party like it's not, party like it's not This song's for everyone who ruins your birthday  
You gotta party like it's not, party like it's not  
This song's for anyone who is having the worst day  
You gotta party like it's not, party like it's not  
Oh-o-oh (Like it's not your birthday)  
Party like it's not, party like it's not  
(Like it's not your birthday)  
Party like it's not, party like it's not  
Oh-o-oh (Like it's not your birthday)  
Party like it's not, party like it's not  
(Like it's not your birthday)  
Party like it's not, party like it's not  
Oh-o-oh
